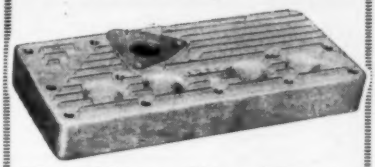
HICKEY JEEP HEAD for POWER PLUS!!



Like adding a fifth cylinder to your Jeep engine . . . more guts for climbing, pulling. "Plus power" performance at high altitudes. Critical test shows compression ratio increase from 5.75 to 1 to 7.78 to 1 . . . and horsepower climbed 17.1%. Gas Mileage goes up some 9%. Made of heat-treated aluminum alloy for better heat dissipation, resistance to corrosion and less ping. Rugged, heavy-walled Hi-Power Head is easily installed with simple hand tools.

Also manufacturer of the famous HICKEY wheel adaptor and other approved Jeep equipment.

"GRAND PRIX RECORD"

Knock-off type HUB CAPS give that final touch of elegance and individuality to your car by securing them to your present, or favorite type of wheel disc in a matter of minutes.

NOW, Your Car can have that Grand Prix or Concourse d'Elegance appearance at a price you can afford, and an ease of wheel cleaning not possible with wire wheels which many can't afford.

An accessory of highest quality, so beautiful you will want an extra one as a desk ornament even if your car doesn't carry a mounted spare wheel. Instructions, template and necessary fastenings, as well as suggestions for individualizing your caps, come with each set.

ORDER NOW, and be the first in your community with the most beautiful caps you've ever seen. Cast, polished, chromium plated and fitted with a striking nameplate in red, black and silver, you will get a "bang" out of the dash they give your car as they wink in the sun with each turn of your wheels.

HARRIS ENGINEERING & DESIGN
